

## Project Song

### ***We are here together!***

We are here now  
To make new friends  
Do you know how?  
Just give both hands

The music and art  
So amazing and bright  
Inside our big heart  
Show the world is united

**We are here together  
Making friendship  
Erasmus is forever  
A good partnership (2x)**

Our digital generation  
Is a non-doubt thing  
What a great creation  
Making future so interesting

All joined together  
We should interact  
To make things better  
With dignity and respect

**We are here together  
Making friendship  
Erasmus is forever  
A good partnership (2x)**
